## Discount Prescription Card

www.CHMRx.org

Still have questions? Call Member Services at 877-377-9101

### Who can use the CHMRx Saver's Card?

Everyone within your household can use the CHMRx Saver's Card? Since the CHMRx Saver's Card is not insurance, there are no exclusions for pre-existing conditions. Everyone, regardless of pre-existing conditions, income or age, is eligible to use the CHMRx Saver's Card.

### Can I use the CHMRx Saver's Card with my insurance card?

You cannot use both your insurance card and the CHMRx Saver's Card at the same time. If you have an insurance plan that covers the drugs you are purchasing, we recommend you use your insurance plan. However, if you don't have insurance or if the drug you are purchasing is not covered by your plan, we recommend you use the CHMRx Saver's Card.

### What savings can I expect using the CHMRx Saver's Card?

You can expect to save 10% to 50% off the regular retail price of your prescriptions. Sometimes savings are higher, sometimes they are lower. About 90% of the time, our card will save you money off the regular retail pricing. We welcome the opportunity to brag about our monthly savings, both as a percentage and a dollar amount...just give us a call at Member Services.

### How will I know the price of my medication before I go to the pharmacy?

You can either call us at Member Services or go to our website at www.CHMRx.org. We may not be able to obtain pricing on all of the medications all of the time, but we do attempt to help you out. It pays to shop

### Where can I use my CHMRx Saver's Card?

There are over 65,000 pharmacies that accept the CHMRx Saver's Card. Go to www.CHMRx.org or call 800-329-0988 to locate a pharmacy near you. Depending upon meeting certain criteria, we may add local pharmacies to meet specific market needs.

### How do I use the CHMRx Saver's Card?

Your card is preactivated. Simply print your name on the front of the card. Print any nine (9) digit number as your member ID. Please don't use your Social Security number for safety reasons. Present your card at the participating retail pharmacy and save on many of your prescription drugs.

### How do I enroll?

**THERE IS NO NEED TO ENROLL.** This card is already activated. If the pharmacy says this ID number may not be used, you should reassign yourself another 9 digit number. Please do NOT use a Social Security number.
